Attendance Policy

All other course meetings and activities will be conducted through BlazeView, Valdosta State University's electronic course management system. Course content is delivered asynchronously according to the course calendar. It is the student's responsibility to follow the course calendar and participate via BlazeVIEW as indicated at the appropriate times. The instructor reserves the right to schedule real-time delivery of instruction using tools available inside BlazeVIEW. It is in the student's best interest to log into the BlazeVIEW course delivery system daily to check for announcements and e-mail messages related to the course.

Late Policy

All course work is due inside BlazeView on the date and time indicated on the course calendar. Any exception without penalties must be negotiated in advance. Technological crises are not an acceptable excuse for submitting work late unless BlazeView is down at the time the work is due. 20% of the possible assignment grade will be deducted from the student's score for every additional 24 hours or increment thereof that the work is late up until the day the BlazeView assignment submission window closes (noon on Friday unless otherwise identified).

If you need additional time to work on an assignment or if you have a scheduling conflict, you must contact your instructor BEFORE the assignment is due to discuss your situation. The instructor WILL NOT accept work after the assignment submission window closes without prior consent. *There is no grace period for any assignment; no points are earned for late discussion posts.*

Professionalism

The Department of Library and Information Studies expects MLIS students will pursue their academic endeavors and conduct themselves in a professional and ethical manner. All work a student presents to satisfy course requirements should represent his or her own efforts, including appropriate use and acknowledgement of external sources. The student will be timely and complete with assignments and other engagements. The student will communicate in a professional manner in both speech and writing. The student will maintain a professional attitude, being respectful to others and their viewpoints, and seek to maintain objectivity. The student will exercise an awareness of the pervasiveness of the online environment and strive to maintain a professional online presence.
