Homecoming: We are still open to ideas for a float. As of right now the idea is to make a giant brain. We are still looking for someone to lend us a truck as well.

Speaker: Dr. Browne spoke on graduate school and graduation preparation. If you have any questions about this topic, I've attached some of the worksheets that Dr. Browne provided. Dr. Browne's office is located in Rm 2113.

Hello all!

I was just informed that I did not include the attachments from Dr. Browne. They are attached here.

ALSO, if you are buying a t-shirt Korea, our VP, will be bringing all of the paid for shirts to our meeting.

AND Dr. Adams will be speaking at our meeting next Tuesday 9/24 on Clinical Psychology and how it compares to Counseling and School Psychology.

If you all have any questions at all, please do not hesitate to contact me!

Respectfully,
